Josh.bamford99@gmail.com

Clean UK Driving Licence and own vehicle

National Film & Television School | Diploma - Location Sound Recording
Thames Valley University | BA Hons - Music Technology & Multimedia

I am a lifelong sound enthusiast; with the qualifications, skills and experience to back up my passion. Through extensive work in film and television I have found professional inspiration while collaborating as part of a dedicated team.

Following graduation, I worked as a runner at post-production house **750MPH**, alongside regular DJ work for a southwest London events promoter. I have since completed a production sound course with the **NFTS**, which bolstered my experience in location recording and outside broadcast.

In recent years my experience has been in media production, shooting, **Corporate** and **Branded Content**, narrative **Short Films**, **Feature Films** and **Television Drama**.
