www.Gtsound.co.uk

London, with bases in Kent, Birmingham and Derbyshire

Full Clean UK Licence with own car

Personal Profile

Second assistant sound with experience of working across TV, Film and Commercials. I possess good technical knowledge of equipment and understanding of the many aspects of working on set and enjoy problem solving, rigging plant mics and tackling tricky costumes when micing up talent. I work extremely well under pressure with a calm demeanour whilst maintaining a positive, can do attitude with absolute professionalism.

I'm always seeking new methods and techniques in order to develop my current skillset, and continue to utilise my experience to sustain the sound department each day.

Additional Information

- AMPS Accredited Cable Technician 2019
- Supplementary Member of AMPS
- Full Member of IPS
- Member of BECTU
- Sara Putt Associates Trainee 2018

I have a background in audio post production and sound design and appreciate and understand the journey audio takes from production right through to post. I love music, enjoy playing golf, guitar, football, watching films and making memories with friends and family.

EDUCATION

BSc (Hons) Sound Design Technology
University of Hertfordshire

HNC Level 4 Music Production
South Thames College
